0001

Augmented Reality

0010

Bod Pods

0011

Virtual Bodies

We shall each have an avatar

that we inhabit online and

James Cameron

will help us use web apps.

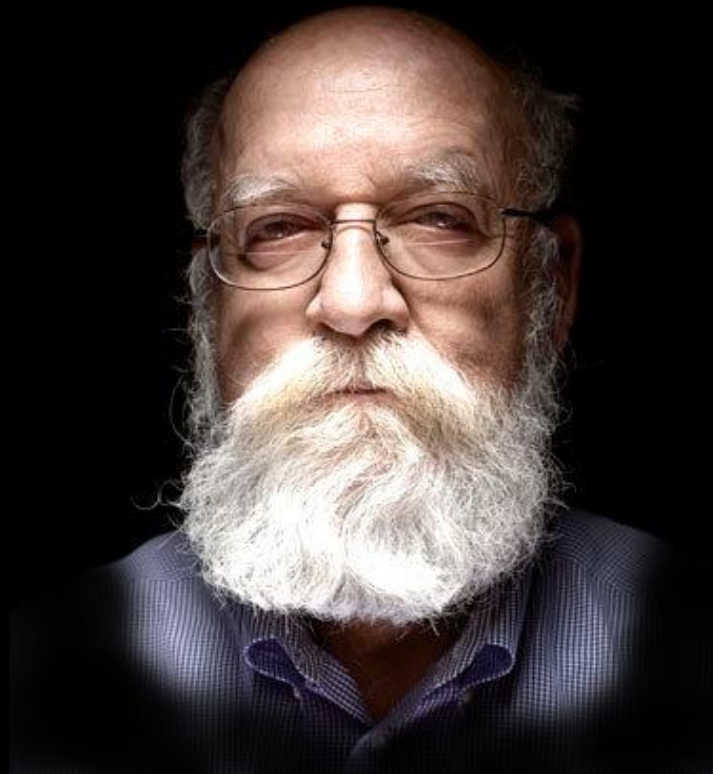

Bill Gates

# Avatars in the semantic web

Tim Berners-Lee

will be our virtual selves.

Dan Dennett

# Opportunities

0000

Avatars

0001

Augmented Reality

0010

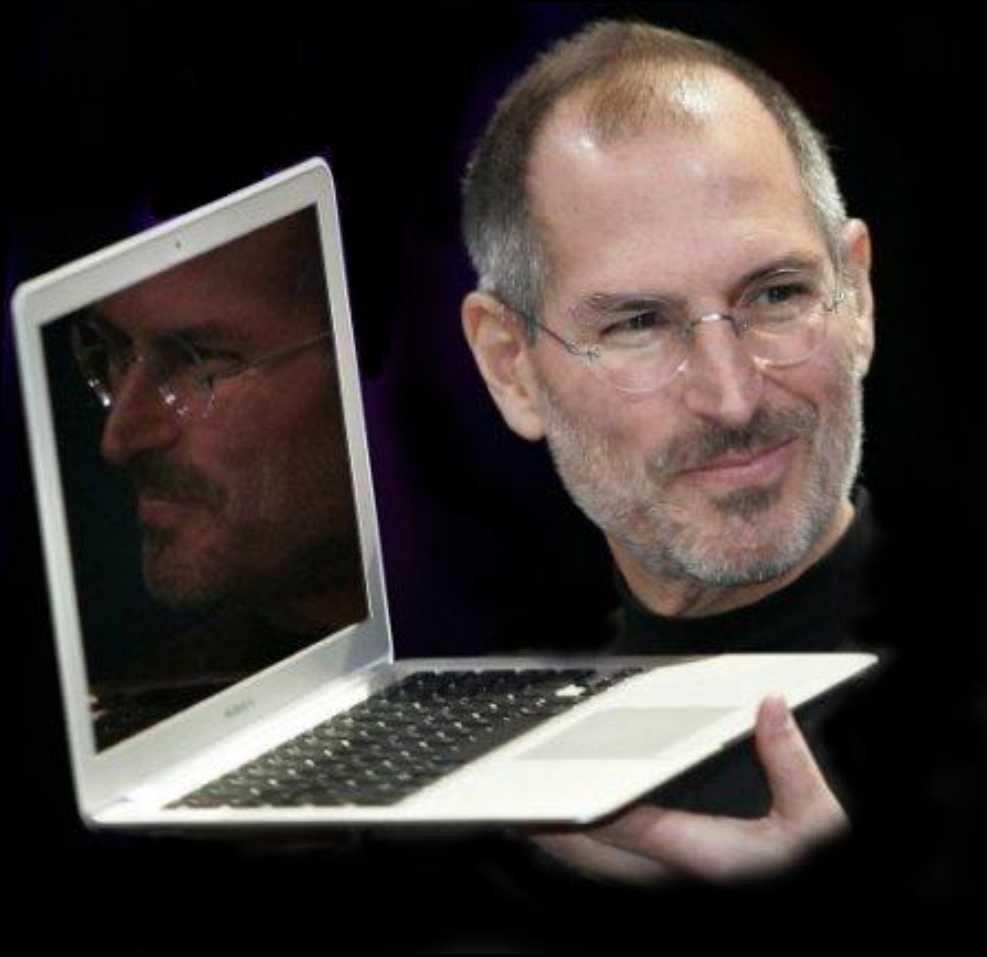

Bod Pods

0011

Virtual Bodies

# Our frontends will get smarter

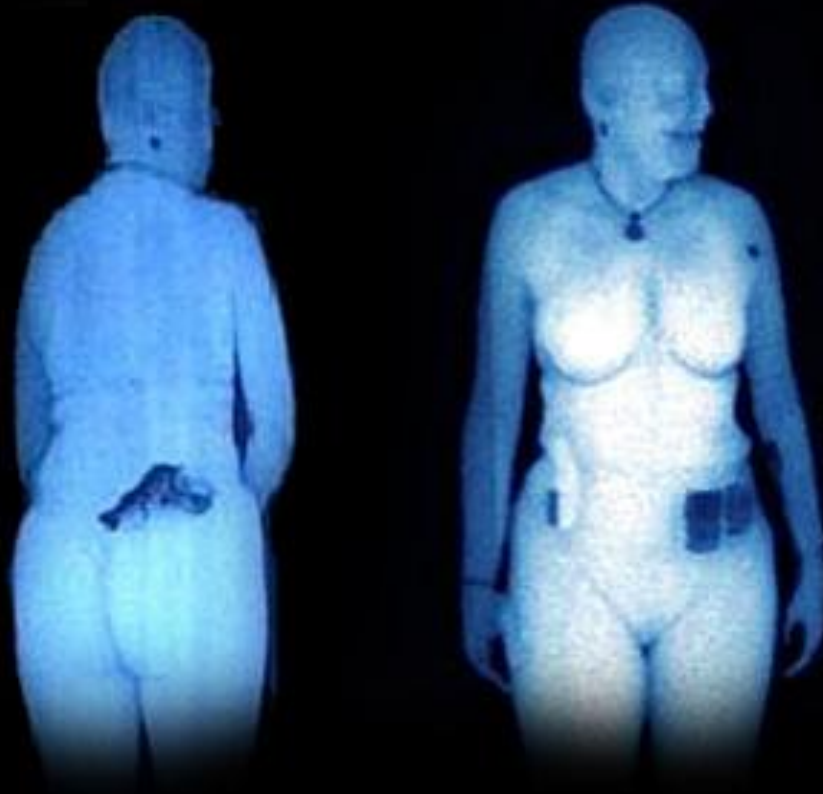

Steve Jobs

and we'll wear iVision headsets.

Ray Kurzweil

Privacy will be lost and gone.

# Opportunities

0000

Avatars

0001

Augmented Reality

0010

Bod Pods

0011

Virtual Bodies

We'll travel in rail-gun car pods

and sign on to mobility deals

Shai Agassi

using electricity from nukes.

# Opportunities

Hard Bodies

0110

Greening Policy

0111

Globodollars

# We'll pilot enterprise software

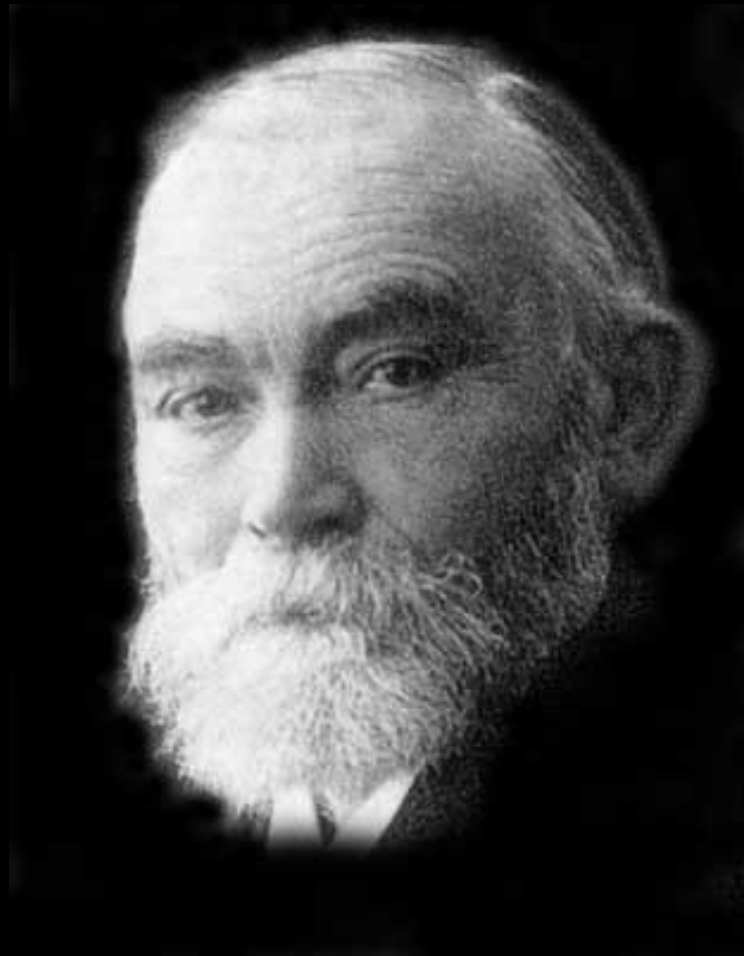

that might understand us.

John Searle

# The pioneers for online life

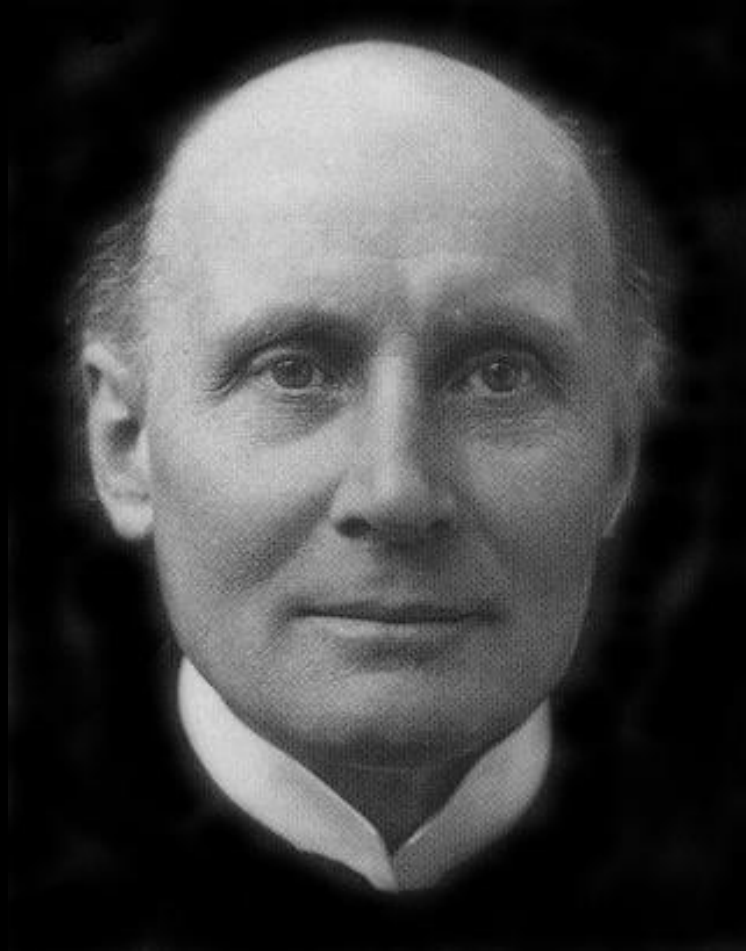

Gottlob Frege

lived a hundred years ago

Bertrand Russell

and developed modern logic

Alfred North Whitehead

and mathematical codes

Kurt Gödel

for programming machines.

Alan Turing

# Global Mammon

0100

Starship Enterprise

0101

Hard Bodies

0110

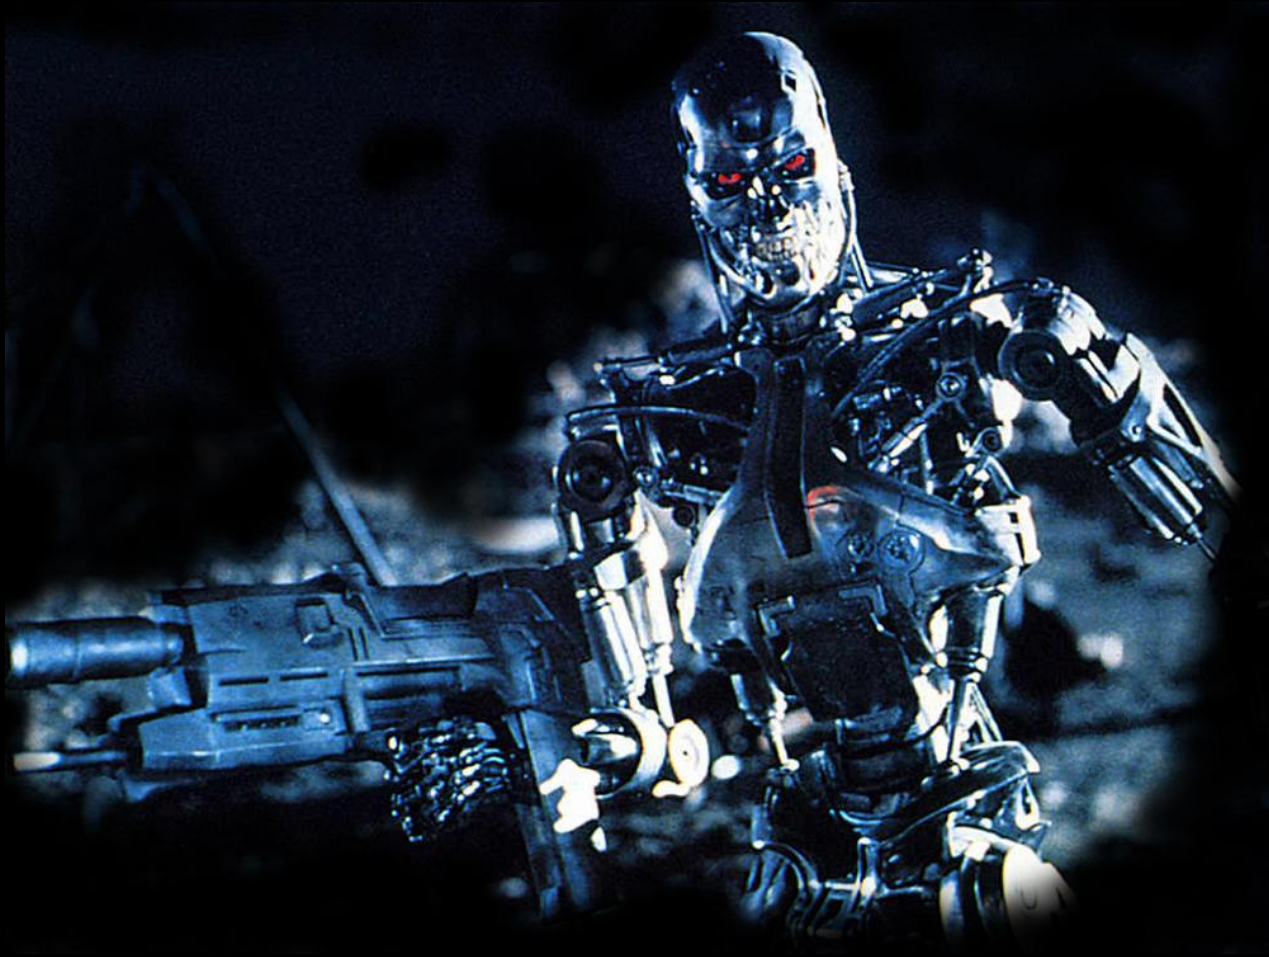

Greening Policy

0111

Globodollars

Robots will take over most jobs.

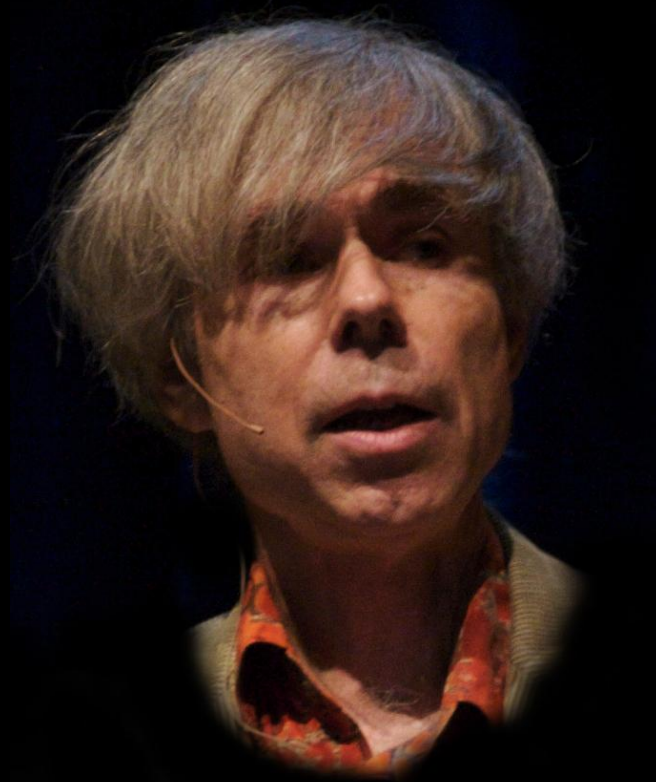

# We'll say they're zombies

Dave Chalmers

that lack a sense of self.

Douglas Hofstadter

They'll explore space for us.

Stephen Hawking

# Global Mammon

# Consequences

1000

Robots Everywhere

1001

Uncanny Droids

1010

New Life

1011

Virtual Minds

# Robots will be our selfless helpers

and do our heavy or dirty work.

# Consequences

1000

Robots Everywhere

1001

Uncanny Droids

1010

New Life

1011

Virtual Minds

We'll think we're still in control

David Hume

but we'll live inside mindworlds.

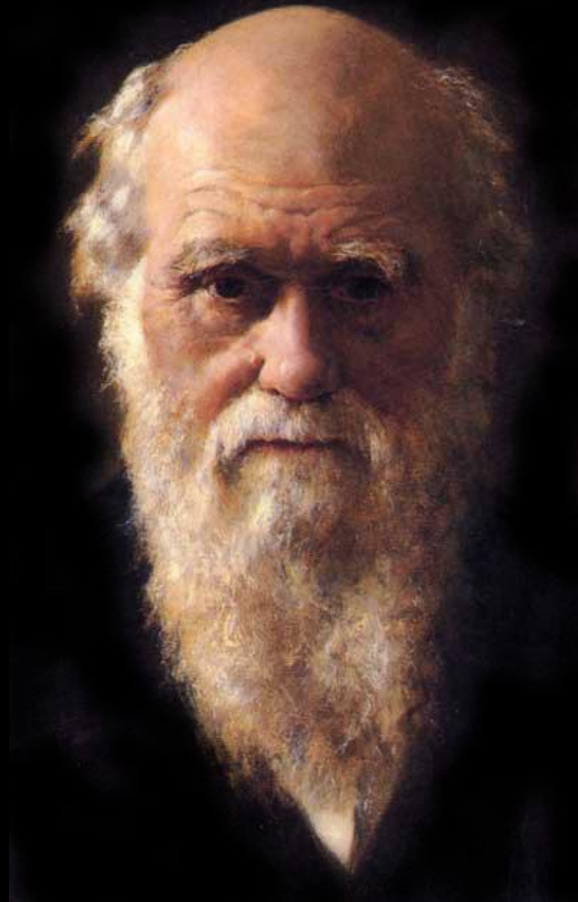

Immanuel Kant

Physics is changing biology.

Isaac Newton

# Droids will evolve beyond us

Charles Darwin

and we'll survive as biodroids.

Richard Dawkins

# Consequences

1000

Robots Everywhere

1001

Uncanny Droids

1010

New Life

1011

Virtual Minds

# We shall reengineer ourselves

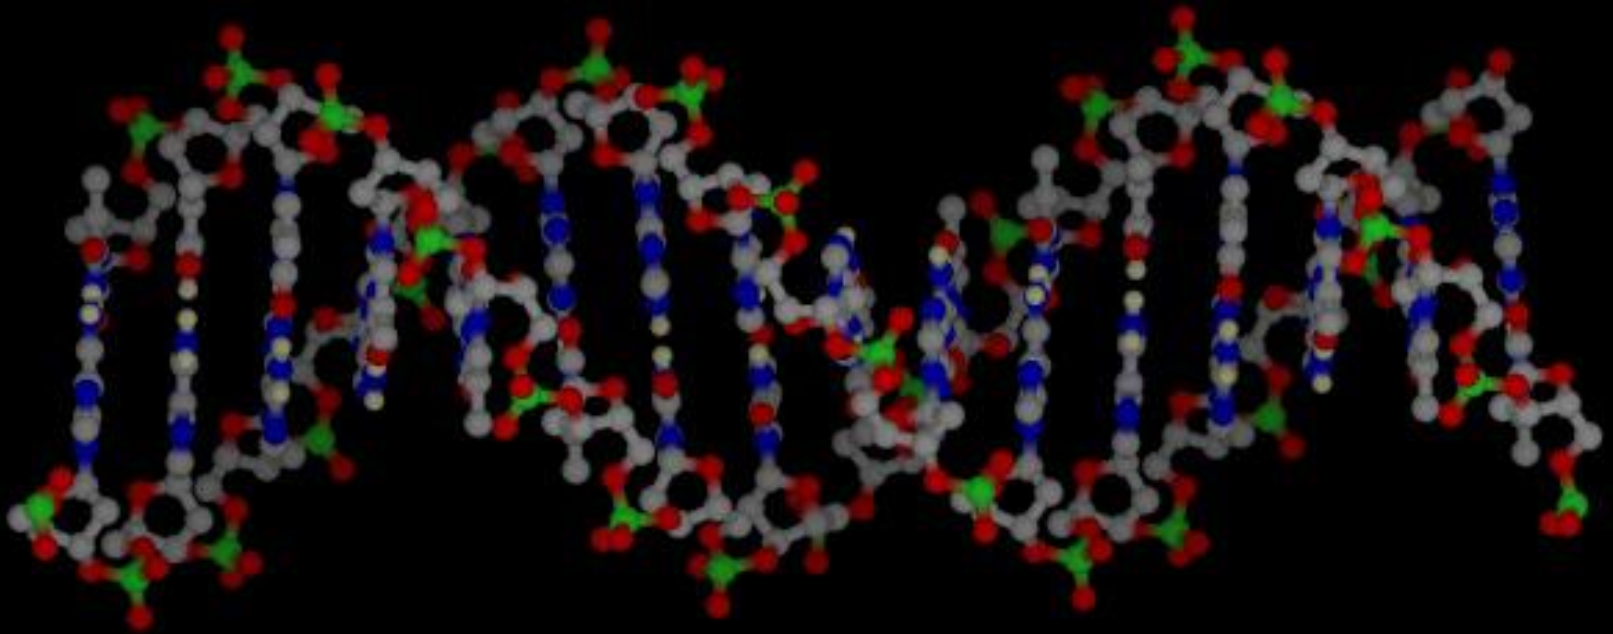

from the genes and proteins up.

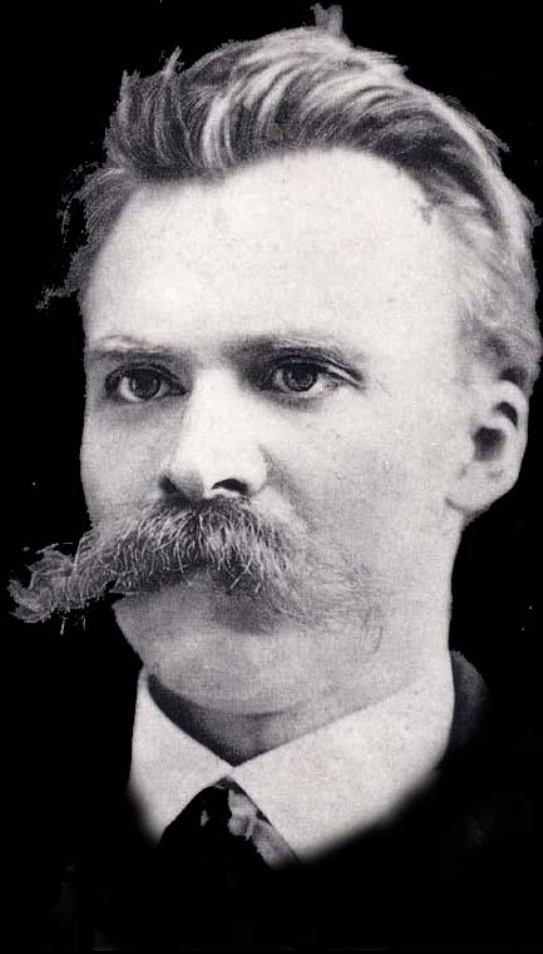

Craig Venter

Cloud engines will remodel us.

Superman will get new genes.

Friedrich Nietzsche

# Consequences

1000

Robots Everywhere

1001

Uncanny Droids

1010

New Life

1011

Virtual Minds

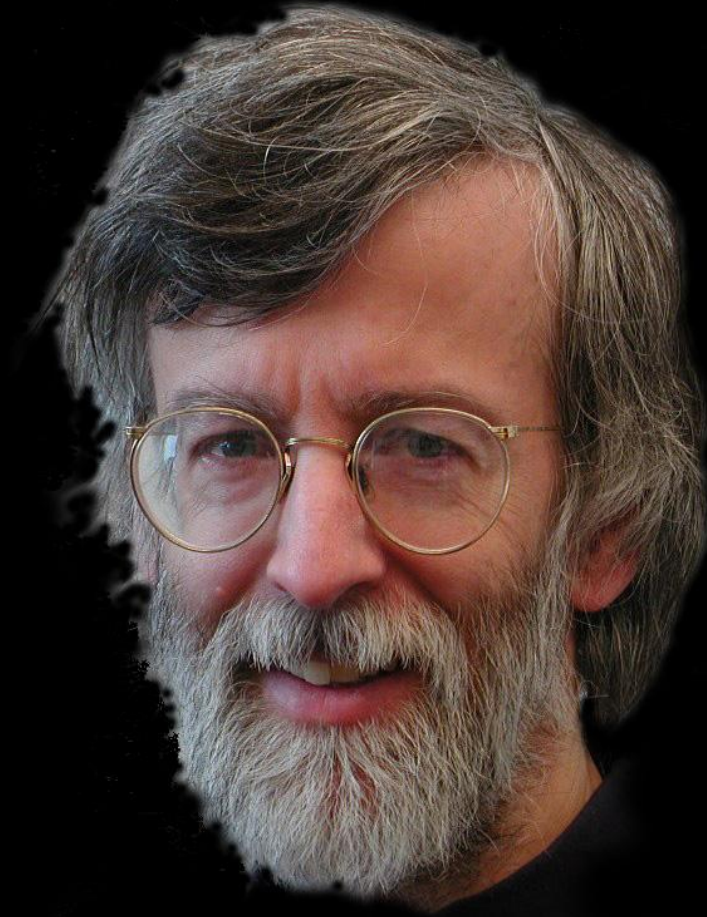

# Our minds go beyond our heads

Alva Noe

and stretch into the universe.

Andy Clark

We'll do our thinking online

René Descartes

in social minds that bind us

David Chalmers

into one great soul

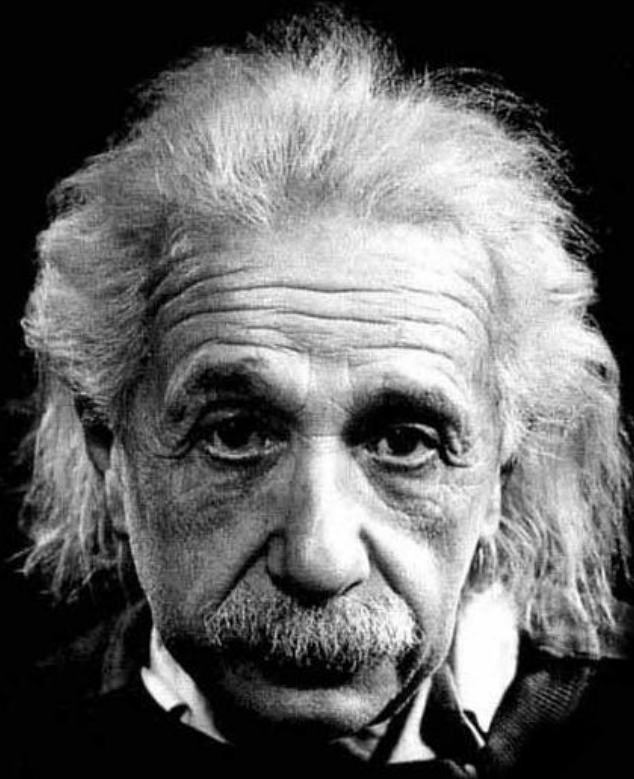

Mahatma Gandhi

with global reach and power.

Winston Churchill

Our mind will reflect the universe.

Albert Einstein

# How To Build A Global Organism
